

CHAIRMEN PLAN FINAL
TOBACCO DRIVEFlying Squadron In Cars To Visit
Counties Not Yet In With
Their Quotas

County Chairmen of the Burley Tobacco Growers' Association, in session in the Phoenix hotel ballroom at Lexington Wednesday laid plans for the final week of the campaign which ends November 15, and to prove after that date to the satisfaction of every doubting Thomas in the district that they have 75 per cent of the crop of 1921 signed.

Vice Chairman James C. Stone said that it would be a crime to have the 75 per cent signed up and let the pool fail because of inability to prove that 75 per cent was signed and that it would be most unfortunate to declare the pool on through any mistaken belief that 75 per cent was signed. He declared it would be far better that the pool should fail than that it should be declared on with less than the required 75 per cent to make it a success signed up.

Practically the entire day was devoted to the discussion of details in connection with the closing week of the campaign. A committee of five was appointed by Mr. Stone to aid the organization committee in the final week and in canvassing the result. This committee also is to direct the taking of an accurate census in every county which has failed to take the census of its 1920 production and will also report the total of resales in every warehouse center of Kentucky, Indiana, Ohio and West Virginia.

Arrangements were made for additional flying squadrons in automobiles to visit the counties which have not signed their quotas and help sign up the growers in those counties. Springfield business men closed their places of business Wednesday and 25 automobile loads of merchants and bankers made a canvass of certain roads in Washington county. A similar canvass will be made next week by other business men to sign up the whole county.

The house-to-house canvass of tobacco growers in Garrard county opened Wednesday and is expected to place the county on the roll of those who have signed up 75 per cent of their acreage in a few days, John M. Farra, county secretary, said.

The canvass is being conducted by forty local men, assisted by a force of twenty from Fayette county. The first day 127 contracts were signed, representing 363,394 pounds, with all reports not in. The campaign will be continued today and Mr. Farra is quite optimistic as to the outcome.

Among the contracts signed was that of the growers of the well known Kelly burley seed.

Business houses and offices of professional men in Williamson and Dry Ridge will be closed Thursday in pursuance to a big drive to increase the number of pledges in Grant county.

Jessamine county will take a two-day whirlwind drive Thursday and Friday, November 10th and 11th.

Resolution endorsing the plan for financing the marketing plan have been adopted by the bankers of Grant county, who pledge all possible assistance to the growers who sign the contract. The resolution follows:

"We, the undersigned bankers of Grant county endorse the burley co-operative plan of marketing tobacco and believe it to be to the best interest of every tobacco grower in Grant county to sign the contract.

"We believe the plan of financing the advance to the growers is sound and good banking.

"We pledge ourselves as bankers to do all in our power to assist in making this advance to the growers when their tobacco is received and graded.

"Grant County Deposit Bank, Williamstown, Ky.

"Bank of Williamstown, Williamstown, Ky.

"First National Bank, Dry Ridge, Ky.

"Tobacco Growers' Deposit Bank, Crittenden, Ky.

"Mt. Zion Deposit Bank, Mt. Zion, Ky.

"Corinth Deposit Bank, Corinth, Ky.

"Farmers Bank of Corinth, Corinth, Ky."

In Nicholas county sixty business and professional men, including the bankers of Carlisle, made a drive, calling on growers who had not previously signed, and added 155,000 pounds to that county's pledges, making the total signed in Nicholas more than 3,000 pounds.

Mason county is to have a similar drive Thursday, with the bankers and business men of Maysville actively aiding in the canvass.

Organization Manager Joseph Passonneau said that in his opinion, and judging by the enthusiasm manifested the past week by the workers throughout the district, there was no doubt of the ultimate success of the movement. Manager Passonneau gave out a list of the additions to the pool by counties the past week, as indicative of the rapid gain made by the co-operative movement and warranting the optimism felt about headquarters as to the final success of the campaign.

Not all counties had reported last night, but those from which reports had been received and the number of pounds signed up since the general meeting in Lexington last Friday were as follows:

NEIKIRK HUNTS
DAUGHTER IN CITY

The Louisville Post had this Wednesday: C. B. Neikirk, is in Louisville to enlist the aid of the local police in a search for his daughter, Miss Roberta Neikirk, 22, who disappeared from Irvine October 28, under peculiar circumstances. The young woman had been employed at Irvine as a telephone operator and left ostensibly to go to Mt. Sterling to accept employment. She never reached Mt. Sterling and is believed to have left Irvine with a man and woman with whom she was seen in earnest conversation in an Irvine hotel.

A letter received from her by her parents, mailed three days after she left home, said the writer was "in safe hands and would be home shortly." Her father doubts this statement. Mr. Neikirk states that the letter was mailed on a C. & O. train which leaves Louisville at 6 o'clock in the evening. This caused the father to come here in his search.

Miss Neikirk is described as 5 feet, 115 pounds, with fair complexion and light hair. When she left Irvine she wore a blue one-piece dress, a brown coat, a hat trimmed with fur, and tan slippers.

PASSES PEACEFULLY
TO HEAVENLY HOMEMrs. W. C. Fish Sinks To Rest,
Surrounded By Her Loved
Ones, at Home Wednesday

Mrs. W. C. Fish died Wednesday afternoon at her home on Breck avenue. Most of her life was spent in Madison county, she having moved from Paint Lick to Richmond about three years ago. She was a life long member of the Baptist church, and was noted for her sweet, charitable disposition, and for her cheerfulness and noble characteristics. She never had an enemy in the world and was universally loved by a wide circle of friends whom she always greeted with a smile and a word of cheer.

Mrs. Fish was 81 years of age. She is survived by her husband, W. C. Fish, who is now 90 years old. They had been married for 66 years, and their devotion to each other was unparalleled.

Out of her original family Mrs. Fish is survived by only one sister, Mrs. W. P. Anderson, of Paint Lick. Her only brother, of Paint Lick, died three years ago. She leaves the following children: E. T. Fish, prominent citizen of Berea; Mrs. Mary E. Galloway, of Daytona Beach, Florida; L. J. Fish, of Paint Lick; Mrs. J. F. Mason, of the White Station section of the county; Dr. C. A. Fish, of Frankfort, and Mrs. Fannie Garrett, of Richmond.

Most of the family were at the bedside when the end came. She passed away very gently and peacefully, and was thoroughly resigned to death for she lived such a noble christian life that death had no terrors for her. Her religion was a wonderful example to all who came in contact with her, for she lived and practiced the true religious spirit in her daily walk of life.

Funeral services will be at the residence, 444 Breck avenue, at 3:30 p. m., Thursday by Rev. O. O. Green, of the Baptist church, assisted by Rev. Homer W. Carpenter. Mrs. Fish had been a member of the Baptist church since her childhood days, her membership lying with the Mt. Tabor Baptist church, Paint Lick. Interment will be in the Richmond cemetery Thursday afternoon, immediately following the funeral services at the home.

The pallbearers will be W. Craig Fish and W. E. Galloway, of Lexington; C. E. Galloway and Robt. Garrett, of Richmond, her four grandsons, and Geo. Todd and John E. Anderson, nephews.

CUNNINGHAM OPENS
CALVARY REVIVAL

There was a good sized audience out to hear Rev. John Cunningham of Berea, in his opening sermon at Calvary Baptist church Wednesday evening. Rev. Cunningham is a very popular young pastor and evangelist.

Because of the great progress Berea Baptist church has made under his able leadership, he has become known as one of Kentucky's most able preachers. He not only believes in contending for the faith once delivered to saints, but is a powerful speaker and is able to hold the undivided attention of all. Services each evening at 7 o'clock. You are invited and your presence will be appreciated.

Master Mason Work

There will be a Master's degree conferred in Richmond Lodge No. 25, F. & A. M., November 4, 1921, at 7:30 p. m. This work will be done for J. D. Hamilton Lodge, No. 587. There will be a rehearsal of work in Richmond lodge rooms tonight (Thursday) at 7 o'clock. All who expect to participate in the work are requested to be on hand at that hour.

Texas Girl Leaves To
Become "Bo" Bride

Fort Worth, Texas, Nov. 3.—Miss Marie Miers, of Fort Worth, left Tulsa, Okla., Tuesday night for Danville, Ky., where she will be married to "Bo" McMillin, famous Centre College quarterback, this week. Miss Miers has been courted by McMillin for the last eight years, having attended high school here with the noted grid performer of the Paying Colonels.

REGISTRATION IN
CITY HELPS A LOTDemocrats Considerably Encouraged
By Showing of Over
300 Majority In Town

Democrats who became a little discouraged over the opinion of the Court of Appeals knocking out the absent voters law, have been heartened greatly by the response which is being made by many who are away from home and have wired that they will be here in person to vote for the splendid ticket, now that the courts have held that they cannot vote by mail.

Then the result of the special registration on Monday, Tuesday and Wednesday helped a lot to put more pep in the loyal workers who are striving with might and main to overcome the loss occasioned by the appellate court's decision.

During the three days' special registration, a total of 140 democrats, 66 republicans and 6 independents registered at the office of the county clerk. This gives a democratic majority of 74 over the republicans. This 74 majority added to the 181 majority at regular registration, brings the democratic majority in Richmond up to 255, without counting any of those absent from home who have registered by mail, many of whom will be here election day. The democratic majority by mail registration is 92. This added to the other majorities makes the total majority in the city of 347, a splendid showing, and which the democratic workers confidently believe presages a majority in the city on election day of over 400. Such a figure as this will help a lot toward final victory, but the workers say that it can only be accomplished by the hardest kind of work and constant vigilance from now until the polls close. Anyway, these town figures are beginning to look encouraging, and they prove just how reliably Richmond is a democratic city when the voters become aroused. Out in the county the good men and women of democracy are saying they are going to prove the same thing of the country precincts, and satisfy the most curious that old Madison is a democratic county.

London, Nov. 3.—Premier Lloyd George has definitely cancelled his passage on the steamer Aquitania, on which he was to have proceeded to the United States November 5 to attend the Washington conference on limitations of armaments.

This fact became officially known here last night for the first time. It had been known, however, for some days that the critical stage the Irish negotiations had reached probably would prevent Mr. Lloyd George from sailing on Saturday.

IRISH SITUATION
KEEPS GEORGE HOME

Owing to the grave turn in Irish affairs, it is not even possible to fix a provisional date for the Premier's sailing, but he still intends to go to Washington at the earliest moment possible.

Mother and Four Little
Ones Burn To Death

Toledo, O., Nov. 3.—Mrs. Wolfe Greenburg, her three young daughters and son, ranging from nine to 15 years, were burned to death in a fire which destroyed their apartment over a fruit store here today. Greenburg and four other children sleeping in another room escaped.

Welcoming a Daughter

Mr. and Mrs. G. B. DeJarnette, on the Barnes Mill pike, are receiving the congratulations of their many friends upon the arrival of a beautiful little daughter in their home. She was born Wednesday morning and weighed nine pounds.

GREAT CELEBRATION
ON ARMISTICE DAYRichmond and Berea Legion
Posts Plan Big Things On
This National Holiday

Armistice Day promises to be almost as big an occasion with the Legion boys of Madison county as the Fourth of July was. Plans for the celebration at Berea in the morning and here in the afternoon are moving along smoothly and a great crowd is expected to be in both towns that day. A banquet here in the evening for visiting officials is now being arranged.

The foot ball game here in the afternoon will be played between a team made up of Legion members of the combined posts. Their opponents will be the sophomore eleven from State University. This should be a great game, as the Legion boys have some stars among their membership, and the State University lads are bound to give them a hard battle.

Band concerts, speeches and parades will make a great day. Local friends of the Legion are being requested to tender the use of their cars to make the trip to Berea in the morning of the 11th so that as many as possible may attend from here.

WATSON'S EVIDENCE
GIVEN TO SENATEFiery Georgia Senator Shows
Letters and Wires Saying
Soldiers Hung Without Trial

(By Associated Press)

Washington, Nov. 3.—Letters and telegrams from persons ofering to submit proof of charges that soldiers overseas were hanged without trial were presented today in the Senate by Senator Watson, democrat, of Georgia, whose presentation of the original charges in the Senate several days ago caused the appointment of a special investigating committee. One telegram, Watson said, was from a former major in the army.

"I can show and will show," said Watson, "that officers have men shot with no trial, whatever I can show and will show that officers told court martials what to do in order that court martials might keep from being shot themselves." Facing the republicans and showing out his chin, Watson continued, "you make a fight on me if you can, if you dare. You said you would put my head against a wall. Come on and do it."

CITY SALARIES
MAY BE REDUCED

The regular monthly meeting of the City Council will be held tonight at 7:30 o'clock. It is understood that a salary revision ordinance will be passed at this time to become effective when new officials are chosen by the incoming council in January. A number of the salaries are said to be slated for reductions, due to the decreasing costs of living.

20,000 INDIANA COAL
MINERS WALK OUT

(By Associated Press)

Indianapolis, Nov. 3.—Officials of the United Mine Workers said here today that soft coal miners throughout the country are marking time in protest against discontinuance by the operators of "check off," as directed by the federal court in junction. Practically all Indiana mines are closed today, reports indicating 25,000 men are out. Three thousand are out in Ohio and more than a thousand have struck in Macapin county, Illinois. The latter were ordered back to work, however.

M'KINNEY SELLS FINE
REX PEAVINE MARE

Those Rex Peavine horses are still in demand. Shelby Harrison, of Lexington, has just sold for J. R. McKinney, of this city, the handsome black mare, Beniah Binford by Rex Peavine, and out of a Highland Denmark mare, to a party in Dallas, Texas, for \$1,800. The mare won the three-year-old stake at Louisville, and had not been shown since. She is now six years old.

LOWER REDISCOUNT
RATES ANNOUNCED

(By Associated Press)

New York, Nov. 3.—Sentiment in financial circles was considerably heartened today by lower rediscount rates announced by a majority of the Federal Reserve Banks and concurrent action of the Bank of England. Special interest attached to the fact the Reserve Banks at the principal agricultural and cotton centers are enabled to reduce money rates. This is accepted as proof that extensive liquidation of grain and cotton loans made last year has been effected, thereby releasing enormous sums long tied up in frozen credits. Liberty Bonds made new high records for the year, Victory 4-3-4 selling at par.

PROMINENT DANVILLE
WOMAN IS KILLED

Danville, Nov. 3.—Mrs. Charles Crow, 38, was killed instantly by concussion of the brain at 8 o'clock last night when she fell in stepping from an automobile, striking her head at the base of the skull on the curb in front of the home of Frank Timoney, jailer. In company with Miss Annie Price and Robert Farris, Mrs. Crow was on her way to a linen shower for a bride-elect Miss Lucille Bailey, intending to stop by the Bailey home for a fourth member of the party.

Mrs. Crow is survived by her husband, proprietor of a local grocery concern, and a son, Lynn Crow, of Lima, Ohio. Her parents, Mr. and Mrs. W. R. Davidson, live in Lexington. She was a member of the Baptist church and prominent in church work. Burial will be in Bellevue cemetery on Thursday afternoon.

New York, Nov. 3.—Dan R. Hanna, son of the late Marcus Hanna, and proprietor of the Cleveland News, died at his home at Croton on the Hudson, last night. Heart failure is given as the cause of death.

Champagne 60c a Bottle

(By Associated Press)

Coblentz, Germany, Nov. 3.—Champagne at 60 cents a bottle in Coblentz is one of the joys of the American occupation as the result of the continued depreciation of the mark. "What will you have, Chartreuse or Benedictine?" asked a buck private who was entertaining a party of five at dinner the other night. "I want to finish the thing royally," he added. They all had Chartreuse and it cost the buck 35 cents.

YOU CAN SOLICIT
SUBS. ANYWHEREWhole Country Is a Fertile Field
For Subscriptions—How
They Stand

The Campaign Manager was called yesterday and asked by a candidate if she could go to some certain place and solicit subscriptions, and for the information of all candidates we are calling attention to the Rules of this contest "A candidate can solicit subscriptions anywhere."

There was never a better field for subscriptions than around Richmond and the surrounding towns. Almost every day some one comes to the office and renews subscriptions or subscribes for the first time and we ask him (or her) whom they wish to vote for. Then they ask us "Who is running?" showing what a splendid chance the candidates have, as all they have to do is just make a canvass and they will get the results.

If you don't believe the workers are reaping the harvest, just notice the standing of candidates and see the enormous gains of some of them, showing conclusively that a little work will tell. You can do the same thing if you only try. Let us suggest to you, take your subscription book and start out and make a house-to-house canvass for just one day, and at the end of the first day if you are not satisfied, we will be surprised.

In this issue we are printing the standing of the candidates, and hope you will find your name on this list steadily growing. If it is not, it's your own fault. We have offered you every inducement to win a grand prize or some of the other prizes.

Candidates, be sure and don't get out of subscription books. If you are out in the country and running low, just call us or write us and we will mail them to you first mail. The Daily Register will assist you every possible way.

Below is the standing of the candidates. If any names are left out of this list and you notice it please advise us immediately.

Facing a Crisis

(Harrodsburg Herald)
Kentucky is facing a crisis. In the past Kentucky has never been found wanting. Even in the pioneer days Kentuckians won for the nation all the vast territory west of the mountains. They composed the backbone of the army of George Rogers Clark.

During the Civil War Kentucky contributed its quota to both the Union and Confederate armies.

Kentucky never failed the flag when the world seethed with war and men shouldered arms to crush the menace of the domination of force, called militarism.

Today the happiness, the prosperity, the financial soundness of all the Blue Grass is imperiled because of an old-time, and outworn system of selling tobacco.

Mercer county is facing the greatest money catastrophe of a generation; men are going bankrupt, they are giving up their

homes, they are unable to pay their bills. Their children are kept in the fields instead of in schools. The banks are trembling in the balance, because they cannot collect the money they have loaned.

A remedy is at hand. The Co-operative Burley Marketing Association will be formed and the tobacco of Kentucky will be scientifically sold at a good price if—

If what? If the Kentucky farmers have the good business sense to sign the contract; to pledge 75 per cent of the crop; to place the tobacco situation where it will be a paying business.

Every man who remains out is hurting himself, his neighbor, the prosperity of the community, the well being of the state.

Men of Mercer, what are you going to do?

Join and join all together!

Election Laugh Returns

Even though women can read and have voted in practically all of our United States, the fun-smiths of the press are still keen on giving them advice. LONG SIEGE OF FREAK WEATHER

World Is Slowly Recovering From Severe Attack of Meteorological Mumps.

EXPECT PATIENT TO SURVIVE

United States Suffers Chiefly From Excess of High Temperature and Deficiency of Moisture—Some Recent Disasters.

New York.—The old spheroid known as the earth is emerging from what some human diagnosticians might call a severe attack of meteorological mumps. It has been accompanied by an insupportable fever, manifested in a world-wide heat wave of unusual length and intensity. In spite of crises and relapses, earthquakes, tidal waves, cloudbursts, typhoons, waterpouts, hailstorms, floods and hurricanes in many widely separated parts, from Kamchatka to Cape Horn and from Guam to Guadaloupe, the doctors are confident the patient will recover.

Meanwhile the United States for the last year has been suffering chiefly from an excess of high temperature and a deficiency of moisture, a condition unprecedented in the fifty years' history of the weather bureau.

Suffers Heat Waves.

The persistent higher temperatures, for which a number of speculative explanations have been given, began in August, 1920, and for the succeeding twelve months there was an average monthly excess above normal of 3.4 degrees. March, 1921, an unusually warm spring month, had an excess average of 10.8 degrees. The first slight break in the record occurred last August, which was slightly below normal.

In the nine months' period beginning in October, 1920, and ending in July, 1921, the average monthly temperature was 2.71 degrees above normal, and this was a record until sun spots, sea bottom upheavals or other hypothetical causes sent the mercury still higher. The highest average temperature ever recorded in this country for the month of March, weather officials say, was 48.3, in March, 1921.

The average temperature for April, 1921—55 degrees—was the warmest for that month in half a century. May and June were not unusual, but July broke all records for the preceding eleven years.

Weather bureau officials here declined to discuss the possible connection between the present high temperatures and disasters of nature in many parts of the world.

A glance back for recent disasters and natural phenomena shows the following:

Two million Koreans starving in Manchuria owing to drought-ruined crops.

Three hundred buildings wrecked and many killed by hailstorm and waterspout at Baez, Cuba.

Three volcanoes, Villarica, Linaia and Lanin, spout flames more than a thousand feet from craters.

Drought kills fish in river Seine and France suffers most severe drought in 47 years.

Rhine and Moselle rivers do great damage in highest flood in 130 years.

Cloudburst and hailstorm damage at Rome, Italy.

Mount Vesuvius shows activity and earthquake shock is felt from Leghorn to Lake Lugano.

Italian destroyers carry inhabitants to safety as volcano Stromboli resumes activity.

Damage of several million drachmas done in Greece by severe hailstorms.

Earth blocks Corinth canal.

Cyclone devastates three towns in Haiti.

Volcano Kilaua in Hawaii spouts immense fountains of lava.

Activity of the volcano Popocatepetl in Mexico increasing.

Earthquake shakes Vera Cruz and four other cities.

Lightning strikes oil wells, causing millions of dollars damage in Tampico and other districts.

Mexicans pray to "water goddess" to end drought.

Volcano Cotina in Jalisco is in eruption.

Many lives lost in waterspout which destroyed part of Tangier, Morocco.

Volcano Masaya in Nicaragua in eruption.

Typhoon and floods in Philippines, and especially on island of Luzon, do great damage.

Six new craters opened at Mount Izaleo, Salvador.

Waterspout in Maia-Doura, province of Spain, damages crops and villages.

Heat in the Alps causes glaciers to shrink and nine mountain climbers are killed.

Seventy-five dead in tornadoes which sweep southern United States.

Flood inundates Pueblo, causing \$10,000,000 property loss.

Forty-seven perish in San Antonio (Texas) flood.

One consolation of the freak weather, however, is the prospect of an "open winter."

H. C. Duffy, of Harrison county, announces that he will be a candidate for Speaker of the House at Frankfort.

SAYS THESE MEN DESERVE ENDORSEMENT

J. F. Hord and Dr. J. H. Rutledge, present members of the County Board of Education, deserve the hearty endorsement of the voters of Madison county for re-election to said office. They were elected last November, and when the board organized they drew a one-year term. They have tried to perform their duty to the best of their ability without fear or favor, keeping in mind the childhood of our state. Never before in the history of the county has the County Board of Education made such progress in building and equipment. They have also extended the school term from six to eight months, and raised the salaries of teachers. They have at all times selected the most efficient teachers to be found regardless of political or church affiliation, and at the same time have kept the taxburdened farmer in mind. While the schools have 40 cent levy, it will be remembered that 25 cents of this levy is set apart for teachers' salaries; only leaving 15 cents for general running expenses, building, repairing and extending the term. The records in the Superintendent's office show that they have done these things on a 15c levy during abnormal times. And if they are elected they hope to be able to reduce the tax rate in Madison county as things are getting back to normal. They have planned for the next year's work to leave off any building program and repair the old buildings and make them comfortable for the children.

How an EXPECTANT MOTHER Prepared for Baby's Coming

DO YOU know that thousands of women never really suffer at child-birth? Perhaps you have thought with many others that this should always be the case. But how?

Let Mrs. Mattie Paul of Ocala, Fla., tell you. She is one of thousands who has demonstrated this fact:

"As I am a young mother of one baby, I am writing for two booklets to expectant mothers. I used only two bottles of Mother's Friend before I was confined and had a quick and easy time through labor. I can recommend Mother's Friend to all expectant mothers. I will never go through pregnancy without it."

You, too, can have this booklet for expectant mothers by sending coupon below.

It goes into the features of maternity and gives, in a plain, interesting manner, information about what the mother needs in clothing before baby is born; what clothing will be necessary for the baby; an interesting table as to the probable date of delivery; sample list necessary and helpful rules of hygiene to follow; and much other worth-while information. This little booklet also tells about Mother's Friend and the wonderful good it is doing for expectant mothers.

Don't let false modesty keep you from performing this duty to yourself—your family—and your baby.

Send for your copy NOW.

WARNING: Avoid using plain oils, greases and ointments—they act only on the skin and may cause harm without doing good.

Canary and Mouse Pals.
West Chester, Pa.—A strange friendship has been formed in the home of Mrs. Louise Sweeney, East Barnard Street, between her pet canary and a mouse. The bird is wary of strangers, but has accepted the mouse as its companion, especially at night, when the two huddle together in the cage, the canary with a protecting wing over its friend.

Germans Sell War Dogs.
Berlin.—The German government is selling off its war dogs. It has a large number of wounded and disabled war canines for sale. The public, which appears greatly attached to the lively and ferocious "police dog," has, nevertheless, displayed little interest in these canine veterans.

BUILDING SCHOOLS IN THE HOLY LAND

(By Associated Press)
Jerusalem, Nov. 3.—The British government, which has a mandate over Palestine, has undertaken a plan to place a school within the reach of every child in Palestine. It hopes to accomplish this within a few years.

The purpose is to establish 50 new schools each year, these to be distributed throughout Palestine as the need is greatest. Already hundreds of children are receiving for the first time the benefits of an education.

Before the war, Jerusalem, at that time a city of some 80,000 inhabitants, could not boast of a single government high school. Even now 70 persons out of 100 do not know how to read and write.

There is great need for institutions of higher education. At present, there is not a college in the entire state of 1,000,000 inhabitants. The American university of Beirut, Syria, is the only place open to Palestinians seeking higher education.

There has been a great deal of talk in recent years about establishing Hebrew university in Jerusalem. Its plans have been drawn and the corner stone has been laid but the money to build it has not been secured and it remains in the realm of things yet to be.

Bull a Drinker.
Hood River, Ore.—A bull's over-indulgence in the contents of a mash barrel, according to stories of orchardists of the Underwood (Wash.) district, led to the discovery by officers of two stills near Stevenson.
The bull, attracting attention by his drunken stagger and belated mummings, evidently was pleased with the effects of the moonshine makings. Officers followed him as he pursued an erratic course through the underbrush. The goal of the bovine toper was a barrel half full of mash. In a hidden cabin, about 100 yards away, was discovered a still.

Veteran Served Sentence of Man Who Saved His Life

Because his "buddy" saved his life in France, Harry W. Haley, known as general prisoner No. 22102, assumed his name, and is serving a six months' sentence in the United States disciplinary barracks, Fort Leavenworth, Kan., for desertion, alleged to have been committed by his friend.

If Ulster support can be secured a permanent peace between England and Ireland is assured.

One car load of PIONEER FARM FENCING WIRE. In offering to the public this high grade fencing wire, is without a doubt, one of the best on the market. We cannot explain to you to wonderful tie that holds this fence together. You should call at our store and allow us to show and prove to you that this PIONEER tie has no equal. As to the quality of this fence, it is made of the very best galvanized wire. PIONEER FARM FENCE is the only fence manufactured where the more strain or load you put on the tighter the locks become. This is due to the manner in which the stay wires are attached to line wires. The coil in the line wires amply provide for contraction, expansion and make the fence easy to stretch. Our prices are right. Don't fail to see the PIONEER TIE.

Why Should You Follow A Crooked Path?

Often a cowpath has been allowed to become a village street, and as the village expanded, tradition has made the winding way an expression of a cow's will.

Habit is always forging chains to enslave us, so that what has been found bearable by the fathers is accepted by the sons.

Who cannot recall the coffee-pot Mother put on the stove early in the morning, warning us not to let it boil over?

As children, we were not permitted to drink tea or coffee, because it would stunt our growth or make us nervous and irritable. When older, however, we craved a hot drink with meals, and custom gave us our tea or coffee.

Finally, upon the instructions of the doctor, Mother gave up her tea and coffee. But that meant nothing in our young lives. Our vitality was then strong enough to throw off any ill effects.

But our time came, and we learned by experience that we could not drink tea or coffee. When we had it for breakfast it put our nerves on edge. When we drank it at the evening meal, we tossed about in wakefulness most of the night.

And then we found Postum, a pure cereal beverage, free from the harmful drug, caffeine, in tea and coffee. We liked the rich, satisfying flavor of Postum—and also the better health which resulted. And, too, we were surprised to find how many of our neighbors had made the same discovery—had learned the value of "health first."

Postum comes in two forms: Instant Postum (in tins) made instantly in the cup by the addition of boiling water. Postum Cereal (in packages of larger bulk, for those who prefer to make the drink while the meal is being prepared) made by boiling for 20 minutes. Sold by all grocers.

Fight Freight Overcharges

(By Associated Press)
Frankfort, Ky., Nov. 3—Eight cases involving coal freight rates charged by the Louisville and Nashville railroad to Kentucky river points in the vicinity of Cincinnati, and one involving the same rates on the Louisville and Nashville and the Southern Railway System, are on the docket

for the monthly meeting of the Kentucky Railroad Commission here today. The cases are in each instance protests against revised rates put into effect through out the state several months ago. Most of the protestants are business houses of Newport, Latonia and Covington.

Wild Dogs Attack Man

Lexington, Nov. 3—A pack of wild dogs, numbering about 20, has been found on the Coldstream Farm of C. B. Shaeffer, Chicago millionaire, in the north end of Fayette county, and efforts are being made to exterminate them with shotguns.

The dogs are descendants of a female and five males which took up their haunts in a hollow log more than a year ago, and having returned to the wild state, have the appearance and actions of wolves, annoying stock, and recently they attacked Daniel Bryant a member of the Dairy Department.

Bryant, who was armed, fought the dogs off with his gun until a companion came to his assistance. A shotgun party will scour the section where the dogs have their haunts.

RUFFO TO SING IN LEXINGTON NOV. 7

Titta Ruffo, the world's greatest baritone, will give the third concert of the Artists Series in Woodland Auditorium, Monday night, November 7 at 8:10 o'clock. His love for the artistic is inherent as his family for generations has been noted for the painter; it has produced. His sister is a poetess of distinction, and his brother a well known composer.

Mr. Ruffo inherits his remarkable voice from his mother, a contralto singer of marked standing. His voice is remarkable in every sense of the word. It is a true baritone of marvelous sweet quality and power, with a range that extends into the tenor and basso registers. In resonance it is unsurpassed. His mezzo voice effects being delivered with the clarity and softness of a soprano. His execution is phenomenal and he sings the astonishing cadenza in "Hamlet" with an authority, brilliance and facile accomplishment that literally arouses his auditors to enthusiasm.

His personal characteristics are many and admirable. His salient one is a dominant modesty, which shows best probably on the stage when he insists in all the other artists in the cast sharing in the applause which is meant for himself. His big successes have been made in the operas Hamlet, Tonio, Scarpio, as Athanael in Thais, Don Giovanni, as Nelusko in L'Africain, Cristoforo Colombo, Figaro, and the title of Rubinstein's Ill Demonio.

The Ruffo concert is the third of the Artist Concert Series and the season tickets may be used. Individual tickets are now on sale at the Lexington College of Music, and will go on sale at the Ben Ali Theatre lobby Friday, November 4th. Order tickets by mail now or phone 639. Good seats at all prices from \$1.10 to \$3.30.

"Pape's Cold Compound" Breaks any Cold in Few Hours

Instant Relief! Don't stay stuffed up! Quit blowing and snuffling. A dose of "Pape's Cold Compound" taken every two hours until three does are taken usually breaks up any cold.

The very first dose opens clogged nostrils and the air passages of the head; stops nose running; relieves the headache, dullness, feverishness.

"Pape's Cold Compound" acts quick, sure, and costs only a few cents at drug stores. It acts without assistance, tastes nice, contains no quinine — Insist upon Pape's!

Daisy Legion Flower
Kansas City, Nov. 3—The daisy was adopted by unanimous vote Wednesday as the official flower of the American Legion. The poppy had many adherents 'cause of its association with Flanders battlefields, but when it was explained that it was not an American flower and could not be obtained in large quantities, "the poppy party" shifted its support to the daisy.

October is the only month of the year which shows a heat deficiency as compared with previous years.
